This offer will close in a short time and then the wholesale price is increased to us.

Remember that 25c to-day buys something that will ordinarily cost 65c.

What Did the Woggle Bug Say?

Every reader of The Times-Dispatch will find himself or herself puzzling or this perplexing question after he has read the page in the Magazine Sec-n devoted to the doings of the "Queer Visitors From the Marvelous Land

The Woggle Bug, wise man of the party, undertakes to answer all questions for his comrades from Oz. He has to answer one each week. His answer is not printed. The reader is left to discover it. The pictures and descriptive matter make this comparatively easy to the active mind. Both the pictures and the story are guides to the solution of the problem, and the question admits of but one correct answer. The puzzles require only ordinary skill and knowledge of facts included in history, geography, botany and matural history, or an acquaintance with places, buildings or emblems about which information is easily obtainable. It is not a guessing contest, but a trial of skill. To stimplate interest in the visit of the people from the Land of Oz, The Times-Dispatch will give Twenty Dollars in cash each month to those of its readers who send in correct or nearly correct answers to the questions put to the Woggle Bug by his companions.

Attorneys of Aberdeen Looked for Her All Over America.

Mrs. Welhelmina Cooper, who lived at Chestnut Hill two years ago, and who, with her son, was well known there and in Richmond, is reported to have fallen heir to large properties in Scotland.

A special from Cieveland, Ohio, last night states that Hunter and Gordon, which we have the state of Aberdeen.

A special from Cleveland, Ohlo, last night states that Hunter and Gordon altorneys for the estate, of Aberdeen, Scotland, have located Mrs. Cooper in Cleveland.

Shortly after Mrs. Cooper moved from Chestnut Hill a letter was received here by Major Howard, the chief of police, from the Aberdeen law firm, asking of her whereabouts. Captain Tomlinson learned that she had lived here and in Chestnut Hill, but had gone to Cleveland. After a long search she was located in that city, and has just been notified that a large fortune awaits her in Scotland. The letter in which this information was conveyed to her, through the chief of police of Cleveland, was sent by the lawyers, and is as follows:

FIGHT IT OUT TO-DAY.

Primary in Fourth District Between Southall and Yarrell. tween Southall and Yarrell.

The Democrats of the Fourth District will hold their primaries in all the counties and cities to-day to determine who shall be their nomines for the Fifty-ninth Clingress. Those aspiring to the honor are Hon. Ro. G. Southall (incumbent), of Amelia, and former State Senator, Leonidas D. Yarrell, of Greensville. The countest has been a very spirited one, and the opposing candidates have had some terrific joint d'scussions in several of the counties and the city of Petersburg. Petersburg promises to be close, with chances leaning toward Yarrell, but in the counties of the district, except in Greensville, where Judge Yarrell resides, Mr. Southail will likely lead, and it is the judgment of good political prognosticators, that he will again receive the nomination. Outside of Greensville, Amelia and the city of Petersburg, the vote premises to be light.

PUT THEM IN TENTS.

Board of Penitentiary Directors

Are Fighting Tuberculosis.

The Board of Directors of the State penitentiary are preparing to quarter all prisonors in that institution who are suffering from suberculosis in tents to themselves on the State farm in Goocaland county, where they will be out of touch with the other prisoners. There is a two-fold reason for this new departure. One is to protect the health of the other inmates, and the other for the relief of the sufferers, it having been decided by the medical profession that the open air is beneficial to consumptives. It is the purpose of the Board ultimately to keep no prisoners at the penitentiary who are suffering from this dread mand, but to transfer them all to the farm and place them in tents.

The medical fraternity of the State made a report to the last Legislature favoring the colonization of persons suffering from tuberculosis, and it probably suggested the wisdom of the new departure at the State farm. Are Fighting Tuberculosis.
